Here's how to Take A Bite Out Of Crime online...

-  Keep your name, address, phone number, school name, and any adult's credit card number to yourself.
-  Don't agree to meet someone you met online without discussing it first with your parents.
-  Stay out of chat rooms unless your mom or dad says it's okay.
-  Tell your folks or another trusted adult if you see anything online that makes you uncomfortable. Save the info so an adult can report details to the CyberTipline (800-843-5678 or [www.cybertipline.com](http://www.cybertipline.com)).
-  Don't open e-mails that are from people you don't know. Delete them. And don't click on links to sites that you don't recognize.
