## Foster and Adoptive Care In-service Training

In-service (Level II & III) Brochure  
2018-2019

### What is Level II or Level III (In-service) Training?

Foster and Adoptive Care Level II, or In-service, training includes 10 modules for a total of 30 hours of training. The Level II training curriculum includes the following modules:

- ***Chemical Dependency***
- ***Promoting Cultural and Personal Identity***
- ***Building Effective Communication Skills***
- ***Issues Related to Sexuality***
- ***Promoting a Positive Self-Esteem***
- ***Working with Sexually Abused Children***
- ***Complex Behaviors***
- ***Using Discipline to Protect, Nurture, and Meet Developmental Needs***
- ***Supporting Relationships Between Children and Their Families***
- ***Caring for Children Who Have Experienced Domestic Violence***

Level II modules and Level III modules present an opportunity for foster and adoptive parents to deepen their level of knowledge and skills. The ten Level II modules build upon the Level One, or Preservice, modules. The Level III modules are presented to address issues brought by our families, or to deal with specific problem areas. Additionally, three trauma modules have been added. These modules must be taken consecutively as soon as possible after Level I has been completed.

In addition to their participation in classroom-style Level II training, the foster and adoptive parents' learning needs identified during the Family Development Plan (FDP) may be addressed through other available educational supports including consultations with agency staff from particular program areas, with foster and adoptive support specialists, and with representatives from local human service agencies. Print materials (books, magazines, pamphlets, articles, etc.), videos, and self-instruction materials may also be made available for advancing foster and adoptive parents' levels of knowledge and skills.

Resource material, assembled in PRIDE books and issued to participants, are important components. These materials include printed content and worksheets to be used during each session and information which may also be used at home as an ongoing resource. A special feature of the training is performing the Level One (Preservice) and Level II (In-service) Foster and Adoptive Care Training Activities. These are "at-home activities" which provide opportunities for foster and adoptive parents to practice what they learned in training and/or to prepare them for learning new information in future sessions.

Please remember to contact the Concord University Social Work Department to pre-register for all In-Service courses. You can also check [www.wvfact.com](http://www.wvfact.com) or our Facebook page for updates and cancellations.

If you wish to attend a Level II, Level III, or Trauma training, you **must** contact Concord University Social Work Department at **1-304-716-4998** or [wvfact@concord.edu](mailto:wvfact@concord.edu) to pre-register for all In-services **at least 48 hours before the training begins**. In the event the **minimum attendance limit is not met for a particular session**, it **may be canceled unless the home finding specialist requests otherwise**. If a Level II training is canceled, only **registered** participants will be directly notified. It is our hope that no sessions will be canceled; therefore, **it is extremely important to pre-register**.

Please do not duplicate or repeat training topics unless directed to do so by your agency representative. Unauthorized repetitions will not count towards your yearly training requirement.

**Please note that if county schools are closed due to inclement weather, there will be no training in that county. Participants will be contacted in regard to rescheduling the training.**

**Children are not allowed to attend the sessions due to the nature of the material. We apologize for any inconvenience.**

For more information please visit us at <http://www.wvfact.com> or you may email us at [wvfact@concord.edu](mailto:wvfact@concord.edu).

The provision of this training is contingent upon continued support through a federal IV-E grant administered through a partnership between Concord University and the WV DHHR Bureau for Children and Families, Division of Training.
