THE PROVISION OF THE SCHEDULED TRAINING HEREIN IS CONTINGENT UPON CONTINUED SUPPORT THROUGH A FEDERAL IV-E GRANT ADMINISTERED THROUGH A PARTNERSHIP BETWEEN CONCORD UNIVERSITY AND THE WV DHHR BUREAU FOR CHILDREN AND FAMILIES, DIVISION OF TRAINING

What is In-Service Training?

The needs of Foster Parents and Caregivers change as they continue on the path of providing a healing home for children in care. For this reason, different training modules are continuously developed to help Foster Parents / Caregivers gain the knowledge and community to navigate this ever changing dynamic between Children in Foster Care and the families who are there to aid in healing.

Why do I have to take Trauma classes?

Trauma-informed resource parenting involves an ongoing awareness of how traumatic experiences may affect children, families, and the human services professionals who serve them (NCTSN, 2016). These trainings are intended to give the foster / kinship families information that will prepare them for caring for a child who experienced trauma. The goals of these training include the following: Help families realize the impact of trauma; Reconize the signs and symptoms of trauma; Prevent the retraumatization of children in foster care; Fewer children requiring crisis services, such as emergency department visits or residential treatment; Fewer foster home placements, including reentries ; Overall improved child functioning and well-being. (HHS, SAMHSA, 2014)

- Childcare is NOT provided. Due to the sensitive nature of the material, children are not allowed to attend any WVFACT Training.
- Inclement Weather Procedure: If schools are cancelled in the county where the in-seat training is scheduled to take place, class will be cancelled.
- While it is our intention that the schedule will not be changed, it is sometimes unavoidable. Participants are encouraged to check www.wvfact.com or www.facebook.com/wvfact to confirm no changes have been made.

Trainers will discuss and work with families to develop and improve the following essential competencies necessary for all Foster and Adoptive families:

- Protecting and nurturing children
- Meeting children's developmental needs and addressing developmental delays
- Supporting relationships between children and their families
- Connecting children to safe, nurturing relationships intended to last a lifetime
- Working as a member of a professional Multi-Disciplinary Team (MDT).

Frequently Asked Questions

Why do I have to take these trauma classes?

Trauma can have different meanings to different people. In the instance of these classes the trauma talked about is the psychosocial, psychological, and emotional trauma that all children in foster care have endured. During these classes the instructors will guide participants in what to expect and how to aid in healing the unseen scars the trauma has inflicted.

How many classes do I have to attend?

The number of classes needed to continue the status as a certified foster home varies between agencies. To determine how many hours of training is needed to maintain the certification, please contact your homefinding agency.

Do I have to attend the sessions in order?

Trauma sessions do have to be taken in order, and cannot be taken out of order.

How will I know if my In-Service is canceled?

If an In-Service does not have the required number of registered participants, the training will be canceled the day of the training. Every effort is made to contact the registered participants if the session is canceled. Once the decision has been made to cancel the session, the information is passed on to the homefinders and posted on the WVFACT.com site as well as on the facebook page (www.facebook.com/wvfact). Registrants are always encouraged to check with these websites or contact the Social Work Department of Concord University to verify if a session has been canceled. You can reach the Social Work Department at 3043845189 or by E-Mail at wvfact@concord.edu.
